OBJECTIVE

Aspiring Web Developer with hands-on experience in HTML, CSS, and JavaScript. Looking to contribute to real-world web projects and grow my skills in a professional environment while building clean, responsive user interfaces. Open to learning new tools and frameworks to strengthen my development capabilities.

TECHNICAL SKILLS

- **Languages:** HTML, CSS, JavaScript
- **FrameWorks:** Tailwind CSS, SASS
- **Tools & Platforms:** GitHub, VS Code
- **Database:** MySQL
- **Soft Skills:** Problem Solving, Team Collaboration, Time Management, Adaptability, Quick Learning Ability

PROJECTS

College Management System

Technologies Used: MongoDB, Express.js, React.js, Node.js

- Worked on the frontend part of a college management system built using the MERN stack.
- Created pages for student registration, login, dashboard, and course management.
- Collaborated with the backend team to integrate APIs and ensure smooth data flow.
- Focused on clean UI/UX and made the app user-friendly for students and admin users.

Task Manager Web App

Technologies Used: HTML, CSS, JavaScript

- Built a simple task management app to help users add, edit, delete, and organize daily tasks.
- Included features like a To-Do list and Notes section for better task tracking.
